Subject: FW: raft island question

Please forward this on thanks

Section 1942.17(e) states: "All facilities financed under the provisions of this subpart shall be for public use." This isn't limited to roads, of course, but applies to any RD-funded community facility. A road or bridge, like any other community facility, must be open to everyone on the same terms. So the association cannot limit the use of the bridge to only its own members.

I hope that helps. If you have any further questions, please let me know.
